Gentlemen:

I applaud your decision of ending the downed animal trade for the National School Lunch Program. These poor creatures are just treated so unbelievably cruel, just because they are ill or injured. Your humanity is so refreshing. Thank you.

I ask that you grant Farm Sanctuary's petition to prohibit the slaughter of downed animals, not only for the intense suffering of the animal but the risk of contamination to disease when consumed by the public.

The docket number is 98P-0151/CP1.

Thank you again!

Sincerely,

A handwritten signature in cursive script that reads "Wynne Jackson".

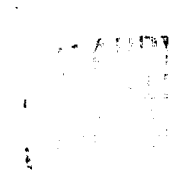

Wynne Jackson
